

SUPPORT DATA FOR PROPOSED INCREASE OF GARBAGE FEES

Due to current events, including hostilities in the Middle East and Eurasia, oil supplies and market flow have been significantly restricted, resulting in much higher fuel costs. Even with tentative diplomatic steps intended to end hostilities in the Middle East and reopen trade routes, it will take time for oil tankers to safely resume transit and for refineries to process and distribute presumably cheaper fuel.

- Previous Energy Surcharge (CNG + Diesel) Q2 2025: 14.75%
- Current Energy Surcharge (CNG + Diesel) Q2 2026: 22.47%
- Increase of 7.72%
- To Compensate, the Proposal is for a Fuel Charge of \$.70 per user, per month

The Town Council of Huachuca City will consider this proposal at its meeting on August 27, 2026, at 6:00 p.m., at Town Hall located at 500 N. Gonzales Blvd, Huachuca City, Arizona.
