PUBLIC WORKS/LANDFILL NEWS

From this.....to this!

Rainwater Tank

Someone knocked down the street signs on Third Street but our Public Works Crew was on top of it! They got the signs back upright in a flash. They also finished work on the rainwater collection tank at the library so that it can be safely used. The contractor will hook up the pipes this week so we can catch the last part of monsoon season.

COMPUTER HELP – The library is expanding their One-on-One Computer help hours. You can get individualized assistance every Wed from 1 to 3 pm and every Thursday from 2-4 pm. Patrons will be helped on a first-come, first-serve basis.

LIBRARY/PARKS & RECREATION NEWS – Our Fall Spotlight on Speakers program has been finalized! Stop by the library and pick up a schedule. We have many great speakers lined up, to include a representative from the State AG's Office who will give a special presentation on Human Trafficking on Sep 26th. We also have an on-going genealogy contest in advance of our Genealogy Workshop slated for November. Entries will be available thru Sep 14. Our school-year children's programming will begin on Sep 9th. Programs include Coding Club, Electronics and Fun Fridays with Science, Technology, Engineering and Math. Pick up a schedule at the library or call 520-456-1063 for more information.

PUBLIC SAFETY NEWS – Our Animal Control Officers have just completed an intensive 4-day training course in Benson. Training included report writing, court appearances, and the handling and transport of animals to the Sierra Vista Animal Shelter. In addition, they also attended a 1-day class in Tucson that included investigating animal cruelty and abuse, identifying dog fighting rings, and the paraphernalia that would lead you to believe that this condition may exist.

DON'T FORGET! We have pre-school storytime every Wednesday at 10:30 am. Children of all ages are welcome!
