Welcome – The town welcomes our new Town Manager, Philip Cushman. Mr. Cushman assumed duties as Town Manager on April 13th. We expect great things from him! Please see Mr. Cushman's note below.

Dear Citizens and Residents of Huachuca City,

My name is Philip Cushman and I am your new Town Manager. I am very grateful that your Mayor and Council provided me this opportunity to join your Community and work with your wonderful Town Staff. Huachuca City faces some serious challenges and, while difficult, we are going to get through them together. I am a native of Quartzsite, Arizona; a small, rural town much like Huachuca City. I left Quartzsite for almost 25 years to serve our Nation in the United States Marine Corps. As an infantry officer, I was appointed to a series of command and staff positions within operational, strategic, policy, intelligence, and diplomatic communities and in combat. I retired in 2014 and returned to my hometown. I quickly became involved in the local business community, Veterans' advocacy, and served on several governance boards in the public, private, and non-profit sectors. I also served the small, rural, and extremely remote community of Fredonia way out on the Arizona Strip. I think that rural Arizona is a great place to live, work, and retire and I want to help you keep it that way.

In closing, I look forward to meeting each of you. I am particularly interested in Economic Development and as a former Chamber of Commerce President, I am very interested in small, family owned and operated businesses like the ones my family owns. I look forward to hearing your ideas and perspectives on how we can better our community for the future. See you around Town!

Best Regards,

Philip D. Cushman
