

## **Huachuca City Landfill Fee Increases Support Data**

The Town of Huachuca City, Arizona, is lower than all of its business competitors in the area of landfill tipping fees. Currently, Huachuca City landfill charges \$48 for commercial waste per ton (*under 2500 tons annually*). Currently the Huachuca City landfill also charges \$48 per ton for dead animals, and \$48 per ton for charge accounts. Lastly, Huachuca City charges a flat rate of \$10 for all residential trash brought to the landfill.

The surrounding competitor landfills charge \$64 per ton for these services, if they offer them at all. Also residential trash is \$64 per ton at competitor landfills. In an effort to increase- recovery of operational expenses at the Huachuca City landfill; the Town of Huachuca City is proposing to increase these fees as follows:

- Increase the commercial per ton fee from \$48.00 to \$56.00.
- The residential vehicle fee will remain at \$10.00 up to 360 pounds of trash. However, over 360 pounds will be charged \$56 per ton.
- Increase the dead animals-livestock fee from \$48.00 to \$56.00 per ton.
- Increase the charge accounts fee from \$48.00 to \$56.00 per ton.

These proposed Landfill fee increases will be considered by Huachuca City Town Council on Thursday, April 26, 2018, at 7:00 pm, at Town Hall located at 500 N. Gonzales Blvd, Huachuca City, AZ.

If approved, these changes would go into effect immediately.
