

Residential Sewer Rates

For calendar year 2025 residential sewer fees are set as described below. Beginning January 1, 2025 residential sewer fees (monthly service charge and all progressive tiers) will be increased 3% automatically every January 1 annually.

Calculation of Residential Sewer Bills

All residential sewer customers will pay the monthly service charge and pay the amount per progressive tier in which they use sewer. Also the rate set for Progressive Tier K shall increase by the Progressive Tier K amount for every 1000 gallons used. Ex: A residential sewer customer using 15,000 gallons monthly would pay: Monthly service charge, tier charges for all Progressive Tiers A-K and the Progressive Tier K rate for 12,000, 13,000, 14,000 and 15,000 gallons.

Infrastructure Reimbursement Fee

Beginning April 1, 2019 there will be an infrastructure reimbursement fee of \$.000104 per gallon of sewer produced. This per gallon rate will be the same per gallon for 1 gallon or 100,000 gallons. This reimbursement fee will be paid until April 1, 2026 to the general fund when it will expire.

Monthly Service Charge	\$20.87	
Progressive Tier A 1-1999 Gallons	\$2.43	
Progressive Tier B-2000-2999 Gallons	\$2.73	
Progressive Tier C-3000-3999 Gallons	\$3.03	
Progressive Tier D-4000-4999 Gallons	\$3.03	
Progressive Tier E-5000-5999 Gallons	\$3.03	
Progressive Tier F-6000-6999 Gallons	\$3.03	
Progressive Tier G-7000-7999 Gallons	\$3.59	
Progressive Tier H-8000-8999 Gallons	\$3.59	
Progressive Tier I-9000-9999 Gallons	\$3.59	
Progressive Tier J-10,000-10,999 Gallons	\$3.59
